

State Project No. H.006318.6 (CE&I)
Off-System Highway Bridge Program
St. Ann Bridge over Bayou Terrebonne
Terrebonne Parish

Q. In the Minimum Personnel Requirements under “Other Required Inspector Classifications...” Item No. 2, Mechanical Inspector Certification, can this requirement be met by a Professional Mechanical Engineer registered in the State of Louisiana with experience in the installation, system startup, and testing of machinery and other mechanical/electrical components of movable bridges?

A. Yes, provided the individual has the required five years of experience.
